Please encourage your parents, family, and friends to come to the performance. Many of them will be dropping you off at West Valley, so it is easy for them to stay

and hear you perform. It is always nice to perform for a large audience so please invite as many as you can! You are also welcome and encouraged to attend any portion of the festival for free when you are not performing.

When you arrive at West Valley College, it is an official performance venue. Present yourself in the best possible manner so we can leave a positive impression on observers.
